Before Testing
5 minutes
When you arrive at the clinic, study staff will tell you about the study and see if you might be interested in participating and being tested for COVID-19
If you are SYH MCHC patient
IF not a registered SYH patient
5 minutes
SYH staff will register you as SYH patient
10 minutes
Study staff will review the consent form with you and you can ask any questions before signing the consent
15 minutes
You will be asked to answer questions about yourself using a link on your phone or a study tablet (at follow up visits this form will be much shorter)
Testing
10 minutes
Study staff will show you how to collect the sample on your self and watch you collect it.
1 to 2 days
After Testing
Negative result
Study staff will call, text, or email you and let you know the results of your test.
Positive result
Study staff clinician will call you and let you know the results of your test.
If you are regular SYH patient
Study staff will make an appointment for you to see your SYH primary care doctor
If you are a newly registered SYH patient and have a primary care provider not at SYH
SYH staff will send your COVID test result to your primary care doctor
You will be given a QR code via text or email that you can share with family and close contacts so they can participate in the study and be tested for free for COVID-19 even if they are not showing symptoms
